

REPUBLIC OF BULGARIA
MINISTRY OF ENVIRONMENT AND WATER
REGIONAL INSPECTORATE ON ENVIRONMENT AND WATER - RUSE

Reference Note under application for access to information with entry № 4709/20.08.2013

Since the beginning of 2013 so far with the RIEW - Ruse the following investment proposals, falling within the boundaries of protected zones BG0002030 Complex Kalimok and BG0000377 Kalimok-Brashlen have been submitted:

1. Forestry economic program for property № 047005 in the common land of Brashlen village, Slivo Pole Municipality;
2. Dripping irrigation drop with water supply through construction of three pipe wells of depth from 50 to 100 m and 40 l/sec. flow of water with location of properties №№ 023001, 023002, 023003, 023004, 023006, 023217, 023218, 023219, 023220 in the common land of Tzar Samuil village, Tutrakan Municipality. The investment proposal is in procedure of assessment of the necessity of Environment Impact Assessment (EIA).

In the closely located investment proposal in the common lands в Municipalities Slivo Pole and Tutrakan RIEW-Ruse has been informed about the following investment intentions:

1. Construction of water pipe deviations in the common lands of the villages Ryahovo, Babovo, Brashlen and Golyamo Vranovo, Municipality Slivo Pole;
2. Allocation of site for collection, keeping and preliminary treatment of wastes from x-ray pictures, paper and cardboard in Ryahovo village, Municipality Slivo Pole;
3. Repair, reconstruction and improvement of the adjacent spaces of Sveti Georgi church in Ryahovo village, Municipality Slivo Pole;
4. Construction of aerial cable distribution network for electronic communications in the common land of the villages Babovo, Golyamo Vranovo and town Slivo Pole, Municipality Slivo Pole;

The aforesaid do not fall within Annex II of the Environment Protection Act (EPA) and are not subject to procedures under Chapter 6 of the Environment Protection Act, whereof the investors are notified duly in writing.

With decision of the Director of RIEW-Ruse, with the dispositive part: "EIA shall not be performed" the following proposals have been coordinated:

5. Construction of municipal waste water treatment plant (MWWTP) and completion of the sewage network of town Tutrakan.
6. Creation of permanent plantations of plumes at an area of 21.334 decares and placement of dripping irrigation in village Nova Cherna, Municipality Tutrakan.
